Zamość – UNESCO World Heritage City, pearl of Renaissance architecture, the city awarded the title of one of the 7 Wonders of Poland in a plebiscite of the ‘Rzeczpospolita’, placed in eastern Poland. This is an example of one of the greatest ‘ideal city’ in Europe, based on Italian Renaissance town planning models. Great Market Square, located in the Old Town center, is one of the most beautiful sixteenth – century squares in Europe.

Zamosc is placed just over 100km from Lviv on Ukraine, over 200km from Warsaw, capital of Poland and about 300km from Cracow touristic capital of Poland.

Study in Zamość
Pearl of Renaissance architecture
One of the 7 Wonders of Poland

INTERNATIONAL SCOPE

University cooperates with 34 foreign universities, including 11 in the Erasmus Lifelong Learning Programme (Belgium, Portugal, Finland, Turkey). Conferences, exchange programmes, EU research projects, international network partnerships give huge possibilities to experience studying in Europe. University is also a member in many international organizations such as The European Network of Physiotherapy in Higher Education. The objective of all ENPHE activities is to provide education and physiotherapeutic practice the European dimension. From students’ point of view very important are opportunities given by Youth European Association of Physiotherapy (YEAP - www.yeap.org). Among main opportunities it can be listed: assistance in the realization and promotion of student activities, support of international exchange of physiotherapy students .

SPECIALISTS

To provide highest quality educational services, the University cooperates with the best specialists in the world in the healthcare area. Professor Krzysztof Marczewski, dean of physiotherapy and pedagogy department, is also head of nephrology and endocrinology division of metabolic and internal diseases in John Paul II Hospital in Zamosc. Moreover he was appointed by the European Commission to work in the European Group on Ethics in Science and New Technologies from 2005 till 2010. Professor Jan Haftak, great authority in neurosurgery and rehabilitation, as the only Polish specialist in the country, was awarded by the World Federation of Neurosurgical Societies. Our professor is also in possession of the highest Federation of European Societies for Surgery of the Hand award - “Pioneer of Hand Surgery”. Furthermore, our tutors possess international experience gained in countries such as Finland and Germany.

Physiotherapy (BSc, MSc)
Nursing (BSc)
Own Rehabilitation Clinic
Cooperation with the best hospital in Poland
World class specialists
In the hearth of UNESCO World Heritage City
PHYSIOTHERAPY (FULL-TIME, BSC, MSC)

Physiotherapy is a profession strictly connected with the promotion, maintenance and restoration of health and the prevention of disability, in people of all ages. Physiotherapist’s main tasks are optimization of: potential ability, physical function and quality through various techniques and specialist equipment during rehabilitation process.

Modern technologies, own Zamosc Rehabilitation Clinic, laboratories, huge intellectual potential of our University and international cooperation ensures the highest standard of education for students.

Interesting modules:
- Kinesitherapy
- Physical therapy
- Therapeutic massage
- Clinical psychology and psychotherapy
- Genetics
- Manual Medicine
- Methods of Neurorehabilitation

Studies in Zamosc were a great time for me, full of experience and fun. I learned how to use physical therapy in rehabilitation process, especially using electrotherapy equipment. Language was not a problem at all! I am very happy that I studied and lived here.
